Bringing together the wisdom of the true masters of the markets, Hedge Fund Market Wizards is a collection of timeless insights into what it takes to trade in the hedge fund world.

Stock Market Wizards Jack D. Schwager, 2002-05-22 This decade has witnessed the most dynamic bull market in US stock history, a collapse in commodity prices, and dramatic failures in some of the world's leading hedge funds. How have some traders managed to significantly outperform a stock market that, until recently, moved virtually straight up? This book will feature interviews with those traders who achieved phenomenal success, from an Ohio farmer who has constantly made triple-digit returns, to a Turkish emigre who transformed a \$16000 account into \$6 million, to spectacularly successful professional hedge-fund managers such as Michael Lancer of the Lancer Group and Michael Masters of Capital Management. Today, the action is on the stock market. This book will be a must-have for that sector, as well as for the legions of individuals who eagerly bought Market Wizards.

Market Wizards: Interviews with Top Traders Jack D. Schwager, 2006-01-17 THE INVESTMENT CLASSIC I've read Market Wizards at several stages of my career as it shows the staying power of good down-to-earth wisdoms of true

practitioners with skin in the game. This is the central document showing the heuristics that real-life traders use to manage their affairs, how people who do rather than talk have done things. Twenty years from now, it will still be fresh. There is no other like it. —NASSIM N. TALEB, former derivatives trader, author of *The Black Swan*, and professor, NYU-Poly Market Wizards is one of the most fascinating books ever written about Wall Street. A few of the 'Wizards' are my friends—and Jack Schwager has nailed their modus operandi on the head. —MARTIN W. ZWEIG, PhD, Editor, *The Zweig Forecast* It is difficult enough to develop a method that works. It then takes experience to believe what your method is telling you. But the toughest task of all is turning analysis into money. If you don't believe it, try it. These guys have it all: a method, the conviction, and the discipline to act decisively time after time, regardless of distractions and pressures. They are heroes of Wall Street, and Jack Schwager's book brings their characters vividly to life. —ROBERT R. PRECHTER, JR., Editor, *The Elliott Wave Theorist*

The Rule: How I Beat the Odds in the Markets and in Life—and How You Can Too Larry Hite, 2019-10-01 The empowering story of Larry Hite's unlikely rise to the top of the hedge fund world—with critical insights and lessons you can take to the bank In *The Rule*, legendary trader and hedge fund pioneer Larry Hite recounts his working-class upbringing in Brooklyn as a dyslexic, partially blind kid who was anything but a model student—and how he went on to found and run Mint Investment Management Company, one of the most profitable and largest quantitative hedge funds in the world. Hite's wild success is based on his deep understanding that markets are flawed—just like people. Through his early-life struggles and failures, Hite came to know himself well—his fears, his frustrations, his self-doubt, and his tolerance for all of the above. This

motivational book reveals that by accepting the facts of his life and of himself, he was able to accept markets as they are. And that was the key to his success. In these pages, you'll walk of the footsteps of an investing legend, who imparts smart, practical trading lessons throughout the journey. Making a successful living in trading isn't about beating the markets. It's about meeting markets where they are, embracing the fact of risk, knowing yourself, and playing it strictly by the numbers. The Rule shows that investing decisions are not only bets or gambles, but investments in time, energy, and attention. By focusing on realistic returns on your investments—versus what you expect or hope to get—you immediately improve your probability for success.
